ABOUT ME

I am a passionate and detail-oriented Computer Science student with strong technical and problem-solving skills. I have hands-on experience in Python, Django, HTML, CSS, TailwindCSS, and MySQL, and I enjoy building efficient and user-friendly web applications. I have developed project such as:
FEAST – Hostel Mess Management System: A Django-based web platform that helps students, canteen owners, and admins manage menus, track expenses, and plan meals using a calendar-based food booking system.

EDUCATION

Bachelor of Technology (B.Tech) in Information Technology
2022 – 2026 (Expected)
Institute of Engineering and Technology, Calicut University

Higher Secondary Education (Biology Science) - 2020– 2022
MVHSS ARIYALLUR
Score: 90%

SSLC – 2020
MVHSS Ariyallur
Score: 100%

EXPERIENCE

2025 May

Mini Project

Developed a mini-project as part of academic coursework, applying skills in Python, Django, and MySQL. Built a functional prototype with efficient database management and a user-friendly interface.

2024 December

Bridgeon,
Kakkanchery KINFRA,
Malappuram

Intern

Completed a one-month internship focused on real-world software development practices and project workflows. Gained practical experience with modern web technologies and collaborative team environments.

SKILLS

- Leadership
- Figma
- MySQL
- Collaboration
- Python
- UI/UX Design Basics
- TailwindCSS
- Problem Solving
- Django
- HTML
- JavaScript
- Canva
- CSS
- Team Work
